* The reduced number of brewers shown in the above classified returns as compared with the return of collections is caused by the fact that in the former a brewer trading in two or more collections is shown as one person in respect of the aggregate number of barrels brewed.

† The quantities of "beer produced" represent the quantities of "worts produced" less the 9 per cent. allowed by 43 & 44 Vict. c. 20 sec. 18 (3) (b) for "such accidental loss and waste as arises in the brewing of beer."

* The reduced number of brewers shown in the above classified return as compared with the return of collections is caused by the fact that in the former a brewer trading in two or more collections is shown as one person in respect of the aggregate number of barrels brewed.

† The quantities of "beer produced" represent the quantities of worts produced, less the 6 per cent allowed by 43 & 44 Vict. c. 20, sec. 15 (3) (b) for such ineffectual loss and waste as occurs in the brewing of beer.

Inland Revenue,
9 January 1900.

Alfred Stott,
Accountant and Comptroller General.
